This years training will be on LOW LIGHT TRAINING and classes will begin at 1300 hours

This years training is open to all LAW ENFORCEMENT OFFICERS and GALEFI members. 8 hours of POST credit will be awarded. Because of your association's commitment to provide the best training possible and due to the increase in cost, we find it necessary to charge \$25.00 for the class. This charge will help us recover some of the expenses.

Each officer must provide his/her duty gear and 150 round of handgun ammo. All participants and spectators must provide their own eye and ear protection. A minimum of 20 officers per class must be registered 5 days before each event. Don't forget the flashlight.

GALEFI instructor, Richard McLarin of Sure Fire, is conducting the class.

If you have any problems locating the ranges, you can contact Larry Young, Executive Director, at 678-432-8999 GALEFI Office or 770-940-7794 Cell. Maps and/or directors are included in this newsletter and on the GALEFI Website (www.galefi.com).
